LUXURY EXPERIENCE

Two vertical strips of crystal jewelry are shown against a dark background. The strips are made of clear, faceted crystals that catch the light, creating a shimmering effect. They are positioned on either side of the word 'OPUS'.

LUXURY EXPERIENCE
MADE IN ITALY

OPUS

collection

Embodying Giorgio Collection's signature aesthetic, OPUS redefines the landscape of Made in Italy luxury, where craftsmanship and design converge in a seamless dialogue of elegance. Architectural precision meets artistic expression, a rhythmic balance between bold, geometric structures and inviting, couture-inspired tactile feeling.

At the core of the collection lies a profound commitment to quality and innovation, characterized by a refined use of materials that create a truly exclusive atmosphere. Satined galvanized titanium finish stainless steel finds its perfect counterpart in the high-gloss Namibian Oyster marble and Makassar Ebony wood, blending natural stone and exotic wood in a display of timeless luxury. OPUS is designed around a versatile family of sofas where comfort meets sculptural silhouettes. Whether in fixed configurations or complex modular compositions with chaise longues, corner elements and marble-topped ottoman, Opus sofas allow for extreme customization to suit any contemporary living space. A unique tactile dimension is introduced with occasional chairs, pouffs and cocktail tables available in Australian lamb, offering a plush, inviting texture. Complementing the furniture is an exclusive range of lightings including chandeliers, wall lights and lamps crafted from hundreds of diamond Venetian "Murano" blown glass pieces, which capture and reflect light with mesmerizing precision. Finally, OPUS collection finds its ultimate expression in bespoke paintings that blend jewelry and high-relief techniques, featuring gold and silver leaves.

OPUS is a symphony of rare textures and luminous reflections designed for those who view their home as a living masterpiece. OPUS: the quiet power of elegance.

Nadezhda Olefir x GC

Nadezhda Olefir was born in Russia in 1977. She has been gravitated toward art creation since childhood. It all started as a hobby interest that led the artist to attend various sculpture and drawing classes and later on to the professional education in art and crafts. Nadezhda is the author of a unique technology for creating modern interior works, the basis of which is a collaboration between jewelry and stained-glass art. Her works are created outside the standard painting techniques. Design paintings and interior panels animalistic plots come true due the symbiosis of new techniques, methods, materials and textures: mirror stained glasses, colored glass fusing, bas-reliefs, texturizing, inlays and coatings with gold and silver. The artist creations reflect thoughts and emotions with shimmering crystals, volumetric shapes, contrasting colors and harmonious compositions. Nadezhda founded her own premium art gallery and a school named "Art of Glitter", where more than 3000 students attend every year. Nadezhda's works were presented on the prestigious International and Russian exhibitions, such as Design Décor, Luxury HITS, Batimat, ArchMoscow, ISaloni WorldWide and the artist is a multiple winner of various awards as the "Artist of the Year" according to such magazines as Elite magazine and FBjournal.
