

Phase n°01:

- Please secure the 2 side rails (left + right) to the footboard, using the wooden dowels (B)
- Please apply the "L" shape corner brackets (D) between the 2 side rails and the footboard using the screws (A).

Phase n°02:

- Please secure the 2 front metal feet (E) and the 2 back feet (F) into the bed frame, using the wooden dowels (C) and the screws (G).

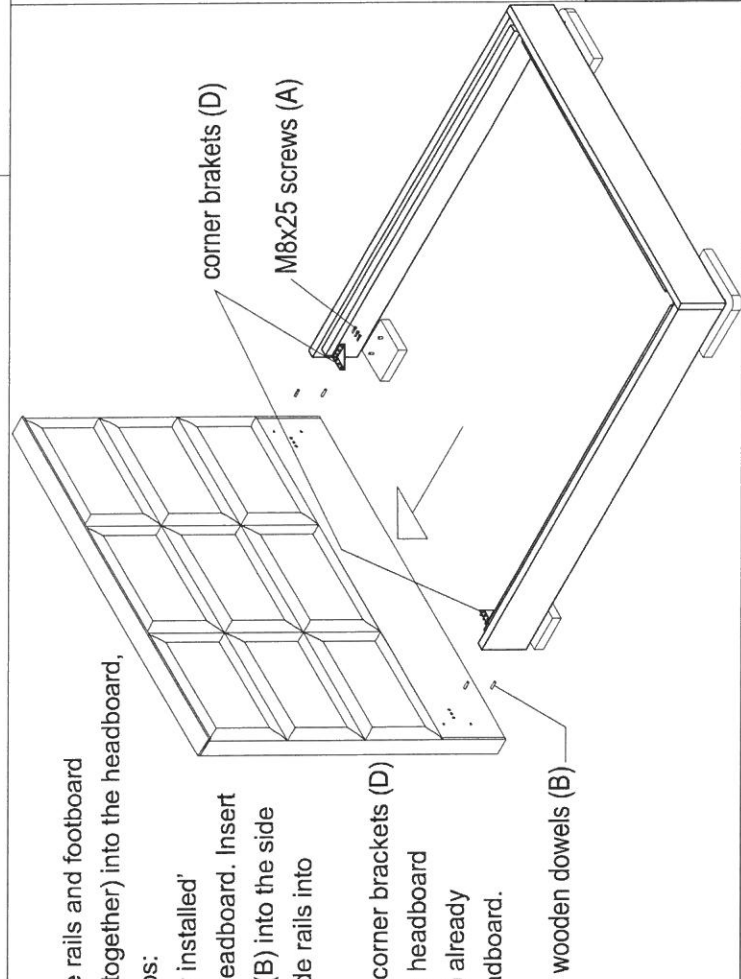

Phase n°03:

- Please fix the 2 side rails and footboard (already assembled together) into the headboard, following these steps:

Remove the 'already installed' screws (A) into the headboard. Insert the wooden dowels (B) into the side rails. Connect the side rails into the headboard.

Apply the "L" shape corner brackets (D) securing them to the headboard using the screws (A) already installed into the headboard.

HARDWARE LIST:

- Nr. 24 screws M8x25 already installed into the headboard (A)
- Nr. 4 screws 4,5x90 (G)
- Nr. 8 wooden dowels Ø10x35 (B)
- Nr. 8 wooden dowels Ø10x40 (C)
- Nr. 4 "L" shape metal corner brackets (D)
- Nr. 2 front metal feet (E)
- Nr. 2 back metal feet (F)
